A DIVISION OF THE PHYSICIANS' GROUP or HPI PHYSICIANS, LLC

FINANCIAL POLICY

Thank you for choosing Oklahoma Sports Science & Orthopaedics (OSSO) are you healthcare provider. At OSSO, we are dedicated to providing the highest quality, most cost effective care. We specialize in adult and pediatric orthopedics, sports medicine, physical medicine and rehabilitation, pain management, reconstructive and orthopedic spine surgery and hand surgery.

In addition to accepting traditional insurance plans and Medicare we are contracted with numerous Preferred Provider Organizations (PPO) and Health Maintenance Organizations (HMO). Because each plan is different, and constantly updating providers' participation status, please check with your particular plan to make sure we are currently participating in your network. We ask that you assist us in maximizing your insurance coverage by cooperating fully in all referral, prior authorization and pre-certification processes. **Please be aware that all insurance carriers do not consider some services rendered a covered benefit. It is important that you are aware of your insurance policy provisions of coverage.**

Accurate, up-to-date information is the patient's responsibility; please notify our office of any changes in your insurance or personal billing information. Please bring your current insurance card, or any other information that is required by your insurance company to each appointment. By maintaining updated information this ensures that your medical claims are filed correctly and prevents any unnecessary delays in processing your claim.

Payment for all co-insurance, deductible and non-covered services are due at the time of service unless special payment arrangements have been made. Payments can be made by cash, check, money order, Visa, Discover, American Express or MasterCard. We do have a payment plan for patients who have financial concerns. Please notify our office at 405.427.3705 to make financial arrangements. Please be aware that charges for physical therapy, durable medical equipment, laboratory testing, anesthesia, hospital, ambulatory surgery facilities and some radiology services may be billed separately.

If your injury was due to a motor vehicle accident (MVA) you will be setup on a self-pay account for any charges incurred up to $500. If charges exceed $500, a claim will be filed with the third party insurance carrier. In order to file this claim, complete billing information will be requested from the patient. A lien may be filed with the third party in order to ensure payment to the physician. **Please note that not all OSSO/HPI-P Physicians will accept third party/MVA patients.**

There is a $35 charge for any FMLA, disability or accidental form completed. This charge is applicable per form completed and is payable prior to completion. There is a $50.00 charge for any appointments not cancelled within 24 hours.

If you require surgery or other invasive procedures and are scheduled at Community Hospital or Northwest Surgical Hospital, please be advised that your physician may have ownership in those facilities. If you wish, you may request another facility.

Again, thank you for allowing Oklahoma Sports Science & Orthopaedics to participate in your care.

Sincerely,

OSSO Physicians and Staff

NO SHOW

- A NO SHOW appointment is a missed appointment without notifying our office prior to the scheduled appointment.

PATIENT/PROVIDER AGREEMENT
OPIOID PRESCRIPTIONS

Please review the information below and initial next to each item once you have reviewed and feel you understand and accept what each statement says.

Patient Name:	DOB:

Your physician may prescribe you an opioid medication as part of your treatment plan. Your treatment plan may also include other care such as: physical therapy, therapeutic injections or surgery.	
This medication is used to help decrease and manage pain but may not take away your pain completely.	
This office prescribes opioid medications that will not be filled indefinitely. Your physician will taper your medications for discontinuation. Should you not be able to discontinue, you may be referred for long-term pain management.	
Once an opioid medication is prescribed, you will be required to have regular office visits to assess your pain and monitor your compliance with this agreement. **Your medication may not be refilled should you be unable to keep your regularly scheduled appointments.**	
It is your responsibility to notify us of any other physician who is prescribing you opioid medications. It is also your responsibility to inform that physician of the opioid medications you receive from us.	
Taking more opioid medication than prescribed or mixing opioid medication with alcohol, sedatives, benzodiazepines or other central nervous system depressants is highly dangerous and can be fatal.	
Opioid medications carry a high potential for abuse and addiction. Therefore, Federal and State laws carefully regulate dispensed opioid medications. **It is your responsibility to take the correct amount of medication during the allotted time. We will not refill your prescription should you run out earlier than anticipated.**	
When this medication is taken, it may not be safe to drive a car, operate machinery or take care of other people. You may also experience certain reactions or side effects such as: sleepiness/drowsiness, sleeping abnormalities, nausea, constipation, sweating, swelling, itching, allergic reactions, problems with thinking clearly, slowing of reactions or slowing of breathing.	
Individuals must be aware that "doctor shopping", excessive calls requiring medication and/or requests for increased dosage/frequency is viewed as narcotic drug seeking behavior and will not be tolerated.	
Lost, stolen or misplaced prescriptions ARE NEVER REPLACED – NO EXCEPTIONS. Your medications are your responsibility and should be stored correctly and safely disposed of should you no longer need them.	
Please do not call when you are completely out of medication. You may call up to 48 hours in advance for refills. Your physician may not be in the office every day and this time will allow for that.	
For females: please notify us immediately if you are pregnant or think you may be pregnant.
